ECOLAB HEALTHCARE ANZ

## **Erlab Pyramid Glove Box**

Captair Pyramid portable glove bag

#### **Features**

- Erlab Captair Pyramid offers safe handling and easy transport of samples.
- Captair Pyramid is a multi-function disposable glove box, made of high-quality transparent PVC.
- Captair Pyramid is easily assembled in a few seconds and can be used anywhere (indoor or outdoor).
- Offering an ergonomic operator working position, Captair Pyramid glove boxes are light, mobile and disposable, providing the ideal flexible protection tool which suits many specific protection requirements.
- Captair Pyramid glove bags feature a top mounted o-ring for stable, easy carriage, a hose nozzle valve for internal sample collection and inert gas insertion, easy to install support rods to keep the pyramid upright and a durable lip zip, perfect for air tightness.
- Captair Pyramids come complete with a serial number for traceability and built-in PVC medical gloves, assembled by high frequency welding for user safety and perfect air tightness.
- Erlab Captair Pyramids are perfect for:
  - Opening of suspicious packages
  - Handlings under inert gas atmosphere
  - On-site sample collection (material evidence)
  - Fingerprint analysis
  - Protection from spillages (biopsy, etc)
  - Product protection from dust or humidity
