

## Erlab Filtration Boxes for Safety Cabinets

Filtration Boxes for Flammable Safety Cabinets

## Features

- Erlab ChemTrap Filtration boxes offer a standalone filtration system for flammable and chemical storage cabinets.
- The Erlab ChemTrap filtration system transforms your fire proof or chemical storage cabinet into a filtered storage safety cabinet by eliminating noxious vapours released from your storage cabinet and improves user/lab safety from inhalation risks.
- Erlab ChemTrap filtration boxes offer easy installation with no ducting needed, providing a high filtration efficiency and are economical to run with a low energy consumption and low noise operation.
- ChemTrap filtration boxes are easy to maintain with quick access to filters and incorporate the use of a carbon and HEPA filters for the best filtration of gases and particles.
- Available in two configurations; Horizontal unit for installation on low or high safety cabinets and a Vertical unit for installation on under-bench cabinets.

Product Code	Product Description	Pack Size	Quote
FCC-H402	ChemTrap H402, Horizontal	ea	<a href="#">Quote</a>
FCC-V201	ChemTrap V201, Vertical	ea	<a href="#">Quote</a>

## Technical Data

Dimensions (mm)	
<b>ChemTrap H402</b>	
Product Outer (H x W x D):	326 x 482 x 451 mm
Air Flow (m3/h)	60 - 35 CFM
Power Consumption W	20
<b>ChemTrap V201</b>	
Product Outer (H x W x D):	632 x 245 x 554 mm
Air Flow (m3/h)	35 - 21 CFM

Dimensions (mm)	
Power Consumption W	15
